## WELCOME TO

Whether you are a new or existing client, we would like to thank you for choosing VetSavers. All our surgeries are staffed by dedicated vets and nurses and aim to provide the highest standards of healthcare for your pet.

All VetSavers surgeries are committed to helping you keep your pet healthy, not just to treating them when they become ill. That is why we have introduced our **Healthy Paws Plan** – designed to help you provide the best care for your pet and save you money by offering a simple, monthly payment scheme.

## OUR HEALTHY PAWS OFFERS:

- Top quality licensed medication
- Regular checks and maintenance of good general health for your pet
- Convenient monthly payments for routine services
- Discounts on additional services

## PREVENTION IS BETTER THAN CURE!

- Our practice membership scheme provides pet owners with the support they need to help their pets stay fit and healthy.
- Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments. In addition, an overall clinical examination gives us the opportunity to carefully monitor the general health of your pet and offer advice, support and treatment planning, which in many cases may prevent problems arising in the future.
- Furthermore, the cost of maintaining the good general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.
- Whilst spreading the cost of routine treatments, all members then qualify for additional discounts on other items in the practice.
